

## Did you know... the fate of a disarmed population is always bleak?

American's Founding Fathers wrote the Constitution of the United States to protect us from a tyrannical government that would strip the American people of their rights to life, liberty and the pursuit of happiness. Then they told us it was every generation's job to protect and defend that Constitution -- or pay the consequences. Here is what happened to people who did not have the protection of the 2nd Amendment of the Constitution:

- In 1929, the **Soviet Union** established gun control. From 1929 to 1953, about **20 million** dissidents, unable to defend themselves, were rounded up and exterminated.
- In 1911, **Turkey** established gun control. From 1915 to 1917, **1.5 million** Armenians, unable to defend themselves, were rounded up and exterminated.
- **Germany** established gun control in 1938 and from 1939 to 1945, a total of **13 million Jews and others** who were unable to defend themselves were rounded up and exterminated.
- **China** established gun control in 1935. From 1948 to 1952, **20 million** political dissidents, unable to defend themselves, were rounded up and exterminated.
- **Guatemala** established gun control in 1964. From 1964 to 1981, **100,000 Mayan Indians**, unable to defend themselves, were rounded up and exterminated.
- **Uganda** established gun control in 1970. From 1971 to 1979, **300,000 Christians**, unable to defend themselves, were rounded up and exterminated.
- **Cambodia** established gun control in 1956. From 1975 to 1977, **1 million** educated people, unable to defend themselves, were rounded up and exterminated.

**Defenseless people rounded up and exterminated in the 20th century because of gun control: 56 million!**

One year after **Australians** surrendered 640,381 personal firearms to be destroyed by their own Government, a program costing Australia taxpayers more than \$500 million dollars, the statistics show the logical result:

- Australia-wide, **homicides are up 3.2 percent.** Australia-wide, **assaults are up 8.6 percent.**
- Australia-wide, **armed robberies are up 44 percent** (yes, 44 percent)!
- In the state of Victoria, Australia alone, homicides with firearms are now up 300 percent.

**Law-abiding citizens turned in their guns but the criminals did not!**

- While figures over the previous 25 years showed a steady decrease in armed robbery with firearms, this has changed drastically upward in the first 12 months, since criminals now are guaranteed that their prey is unarmed.
- There has also been a **dramatic increase in break-ins and assaults on the ELDERLY.** Australian politicians are at a loss to explain how public safety has decreased, after such a monumental effort and expense was expended in successfully ridding Australian society of guns. The Australian experience and the other historical facts above prove what caused this problem.

You won't see this data on the US news, or hear American politicians disseminating this information.

It is a proven, repeatable fact that guns in the hands of citizens save lives and property. The next time someone talks in favor of gun control, please give them a copy of this paper.

**With guns, we are 'citizens' -- without them, we are 'subjects and victims'.**

During WWII the Japanese decided not to invade America because they knew most Americans were ARMED. Switzerland 's government issues a rifle to every adult and trains them to use it. Switzerland has the lowest gun related crime rate of any civilized country in the world.

**If you turn in your guns or give up your ammunition when politicians pass gun laws, you and your family will be easy targets.**

It's a proven fact. If you don't believe this, put a sign on your front lawn that says "GUN-FREE HOME" and see how long it takes for an armed robber to enter your house.
